**Request For Qualifications  
Design-Build Construction of  
I-405, SR 520 to SR 522 Stage 1 Design-Build Project**

ATTENTION: All Bidders and Planholders

Response To Questions No. 2

Questions and Clarifications since November 5, 2004:

1. Question<sub>5</sub>: Would it be possible to obtain the plans (proposed channelization and footprint) that was exhibited at last Monday's meeting? Can it be posted to the website, or another method?

Response<sub>5</sub>: A recent plan set will be posted to the WSDOT Design-Build website at [www.wsdot.wa.gov/biz/InnvContract/Kirkland.htm](http://www.wsdot.wa.gov/biz/InnvContract/Kirkland.htm).

2. Question<sub>6</sub>: Is the BNRR Overcrossing structures a part of Stage 1?

Response<sub>6</sub>: Yes. The scope of the work on the BNRR Bridges includes Bridge Deck Overlay and possibly the need to attach conduits for ITS connections. The Design-Builder will be required to obtain clearance, insurance and flagging agreements with the railroad if needed.

3. Question<sub>7</sub>: Is it possible to start the process in obtaining the as-built drawings for the 116th Street Overcrossing 405/55E and 405/55W? Or, is it OK for us to contact HQ's Records and Information Services for that information directly?

Response<sub>7</sub>: As-built information for the bridges included in the project will be posted to the WSDOT Design-Build website at [www.wsdot.wa.gov/biz/InnvContract/Kirkland.htm](http://www.wsdot.wa.gov/biz/InnvContract/Kirkland.htm).

4. Question<sub>8</sub>: I have a question regarding who can/should submit Form D's as part of our SOQ. Section 6.6.2.B. says "... the Submitter and its team members..." shall submit Form D's. Can team members who are not Major Participants (as defined in Section 4.1) submit Form D's, if the team feels their experience is important and relevant to the Kirkland project? In other words, does WSDOT only want to see Form D's from Major Participants on the team?

Response<sub>8</sub>: Form D's may be provided for both Major Participant's and any/all other team members the Submitter feels are significant to the team. As many Form D's as needed up to 50 pages and not to exceed 4 pages for each Form D may be included in the SOQ.

5. Question<sub>8</sub>: Will SOQ's be made available to the public and/or other teams following short-listing?

Response<sub>8</sub>: No. The SOQ's are considered a part of the procurement and the information contained therein will remain confidential until award of the Contract.

Submitters shall include Form AA in Section 1 of the SOQ with evidence of receipt of this Response To Questions.
